Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Examiner called Mr. Swain to discuss structure and operation of the invention. The invention was discussed for 1 hour on October 30, 2.5 hours on November 7 and 2 hours on November 8, 2001. The Examiner in composing a Requirement to Restrict determined gaps in his understanding to exist. There was confusion about the difference between offset and noise. The Examiner was unable to read several of the claims on any figure of the drawings. No conclusions were reached and no agreement to allow claims was reached..
